

Sunday Brunch @ Sanfords

There's nothing like an awesome brunch to start off your Sundays! 2nd times a charm! The first time I came upon Sanfords, there was a 30+ min wait!

This time, the waitress came to flag us down to ask if we wanted a seat at the bar instead cutting our 20 min wait to 10 min, which was perfect after grabbing a large french vanilla iced coffee. I actually love sitting at the bar sometimes, because that's where you get the best view of the whole restaurant and everything going on.

Loved the bustling atmosphere of a diner. Sanford's is more of an upscale modern diner.

The \$14 prefix is an awesome deal, especially when the food and service was spectacular.

For that price you get an entree, your choice of Mimosa / Champagne / Wine / Bloody Mary / Bellini screwdriver or Juice * 1 free refill * and coffee, tea or cocoa - The champagne is actually good here!

hickory smoked berkshire pulled pork / corn dusted kaiser.

Voted #1 sandwich in NYC by seamless web customers from over 4000 restaurants.

- Not too saucy, sweet, tangy, perfect
- The bun was the perfect size, as to not make a mess.
- Coleslaw, was super light, crunchy and fresh.

SIGNATURE ORGANIC CHICKEN BURGER

freshly ground / fresh herbs / fontina / chipotle aioli

- Surprisingly juicy! Loved the herbs mixed in
- Seasoned well, the chipotle aioli gave it a little kick! I could even use a side of that stuff
- Huge portion! I expected a skimpy little dry chicken burger!

PEANUT BUTTER BANANA PANCAKES

fresh banana pancakes / layered crunchy peanut butter /

maple syrup

- 1 word, heaven! If you love bananas and PB this is your kinda pancake
- Layers upon layers of bananas engulfed in stick to the roof of your mouth creamy PB!
- The pancakes were It's so fluffy I'm gonna die!!! (Does that line remind you of a movie?)

Sanford's will be my default place for an amazing brunch from now on! I would love to come here for lunch, dinner, whatever!

This place is 24/7!
